

# **WYWM Low Code Pathway**

# WYWM Low Code Pathway

---

PEGA

*What is it about?*

---

Low code is a visual software development approach that requires little to no coding to build applications and processes.

This course will introduce you to Pega, a low/no code business process management platform for building applications that capture data and initiate business processes.

# WYWM

## Low Code courses

- **Pega Business Architect**
- **Pega Systems Architect**

# Pega Business Architect

## Learning objectives

The Pega Business Architect course will expand on the skills and knowledge of the Introduction to Pega course. You will be prepared to sit for your PCBA certification and become job-ready for a role in Pega development.

This course includes over 20 lessons with video demonstrations, opportunities to complete challenges on the Pega Academy website, a formative assessment and a summative assessment.

Prerequisites:	Introduction to Pega
Course Hours:	30 hrs
Assessments:	Formative Assessment (Pega Academy) & WYWM Summative Assessment
Difficulty:	Intermediate

# Pega Systems Architect

## Learning objectives

The Pega Systems Architect course expands on the skills and knowledge of the Pega Business Architect course. You will be prepared to sit for your PCSA certification and be job ready for a role in Pega Development.

This course includes over 20 lessons with video demonstrations, opportunities to complete exercises in a lab environment, a capstone project and a formative assessment.

You will learn:

- How to build an application in App Studio on the Pega Platform that captures data and initiates business processes
- Software design and testing
- How to describe Pega Business Architect Terminology (including Scrum, Agile and Pega Express)
- Build and test low code applications using the App and Dev Studios in Pega
- How to capture the information needed to create functioning applications

Prerequisites:	Pega Business Architect
Course Hours:	30 hrs
Assessments:	Formative Assessment & Capstone Project
Difficulty:	Intermediate
